% Solution for exercise #4
%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%
clear;
clc;

```

## question 1

```

ex01;

RMS distance between all 3D points and least squares plane = 0.516774

Number of inliers at RANSAC model = 739
RMS distance between inlier points and RANSAC plane = 0.036425

RMS distance between inlier points and least squares inliers plane =
0.025983

```

## question 2

`ex02;`

*Number of inliers at RANSAC model = 148*
